

Strategies for Implementing STEM Education in Schools

ISMTEC 2014
7-9 NOVEMBER 2014
Bangkok, Thailand

ANNOUNCING

The 2nd International Science, Mathematics and Technology Education Conference: ISMTEC 2014!

Bangkok, Thailand

7-9 November 2014

The 2nd International Science, Mathematics and Technology Education Conference (ISMTEC) 2014, continues the success of ISMTEC 2013, attracting K-12 teachers and specialists, university educators and researchers from around the world. ISMTEC 2014 will take an innovative look at STEM education: science, mathematics, engineering (innovative design) and technology, a conference for teachers and STEM educators, planned by teachers and STEM educators, held in one of the world's most exciting cities!

Proposals now being accepted!

Deadline extended to May 31, 2014
